Christmas Market in Regensburg, Germany

I grew up traveling with my parents across the US to many exciting destinations. They taught me how to plan a long trip, read maps, and get the most out of the experience. I was raised in Oklahoma, but moved around after college to many tourist hot spots including Orlando, Kona, and Branson. At these places, I worked in the travel industry as a customer service specialist, and I helped my family and friends book their own international vacations. I eventually moved back to Oklahoma where I continued to follow my passion for travel and adventure. When my brother in law used a local travel agency to plan his honeymoon, I realized that being a travel agent was the perfect fit! I applied and started working there shortly after. For over 10 years, I have been happily assisting families, couples, and groups with their travel dreams! I specialize in creating customized trips that feature everything my clients desire. This includes cruises of all types, theme park

adventures, all-inclusive resort stays, and long journeys to multiple international destinations. I listen to my clients and research all activities and amenities to make each trip personalized. I continue to gain new certifications so my clients always have the best services, and some of my main accreditations include: Disney World Specialist Universal Studios Specialist Viking Cruise Expert I also have a wide range of experience with multiple destinations including: Ireland Germany Austria Hungary UK Dubai And more! I understand what makes people nervous before a vacation, and I will do everything to calm my client's nerves and make the booking process completely relaxing. I take the stress and uncertainty out of booking so you can focus entirely on having a great time!

Trip of a Lifetime/Jam packed with adventure

Thank you so much for all of your help planning Chance and I's trip to Europe – we had a great time and loved every minute. The private tour in Rome was awesome and we loved all the marble in Hotel Valerian (and it was a great location to be close to everything). Borgo san Luigi was absolutely beautiful and we were soooo glad that we rented the car out of Rome to be able to explore Tuscany at our own pace and not be rushed – we went to a tiny walled town called Monteriggioni that was

really close to the hotel and it was amazing. We loved the winery tour at Castello Monsanto as well. The hotel in Switzerland was right on the lake and we had the best lake view from our balcony and paragliding was a blast. Also, that was a really convenient hotel even though it was out of Lucerne's city center because there was a bus stop literally outside the front door and we had free bus passes from the hotel so it was really easy and cheap to get everywhere. Basically everything was perfect!

An outstanding trip! Just the best!

Just wanted to thank you again (!) for arranging an awesome trip for us!! We had a wonderful time in both Vancouver and Victoria. The number of days in each place was perfect, as were the accommodations. I would recommend both hotels to anyone. The city tour was great, and it took us to a few places that we would have had some difficulty getting to without arranging additional transportation (like Granville Island). We did find a place for high tea in Victoria at the Penderby Hotel (Gatsby Mansion), and I think that we got the experience, good food in a charming place, without the huge expense of the Fairmont Empress (which we did see, and it is a lovely, old hotel).

I would recommend this agent to my family and friends
